<p>Competences Addressed:</p>	<p>Strategic problem-solving, learnability, data handling, digital communication</p>
<p>Key Skills:</p>	<p>Organised, punctual, flexible, fast learner</p>

Personal Action Plan:

Individual's Name: _____

G: Goal - The Goal is the endpoint, where you want to be. The goal has to be defined in such a way that it is clear to you when you have achieved it.

R: Reality - This is how far you are from their goal. If you were to look at all the steps you need to take in order to achieve the goal, the Reality would be the number of those steps you have completed so far.

Where do I want to be? – Long Term Goal

Where am I now? – Reality

***Education/Training History:**

***Career History:**

O: Obstacles - There will be Obstacles stopping you from getting where you are now to where you want to go. If there were no Obstacles, you would already have reached your goal.

Options, once the Obstacles have been identified, the ways of dealing with them are the Options.

***What is stopping me from getting where I want to be? – Obstacles**

What could I do? – Options

W: Way Forward - The Options then need to be converted into action steps which will take you to your goal. These are the Way Forward.

Next Steps:

How can I get there? – Way Forward Action Points
